Question Name:

Concept: Sampled collection period

Question Text:

Universe: All respondents

Note: The collection periods are usually comprised of three months of collection. The values represent the year and the beginning month of each collection period based on the planned 2020 collection. Due to the COVID-19 pandemic, the collection periods for April, July, and October were rescheduled as three shorter collection periods. The value description indicates the exact dates collection took place.
The collection of CCHS 202001 was halted on March 13th 2020; however, users may

notice some cases with values for the date of interview (ADM_MOI and ADM_DOI) past this date. These are cases that were collected before March 13th, but were not 'closed' in the collection application until a later date. No collection from survey respondents took place after March 13th.

Concept: Exposed to second-hand smoke - workplace / school - 1 mo

Question Text: In the past month, were you exposed to second-hand smoke, every day or almost every day, at your workplace or at school?

Universe: Respondents who answered ETS_005 = (1, 2) and SMK_005 <> 1 and (DV_WORK12 = 1 or DV_SCHOOL = 1)

Note: Was not asked in proxy interviews.
DV_WORK12 indicates if the respondent worked at a job or business in the past 12 months (from MAC module).
DV_SCHOOL indicates if the respondent is currently attending school (from MAC module).
If a respondent with DV_WORK12 = 2 and DV_SCHOOL = 2 answered MAC_010 = (7 or 8) or MAC_015 = (7 or 8), the variable ETS_030 was coded as "not stated".

Universe: Respondents who answered DWI_005 = (1 or 2) and DWI_010 = (1 or 2)

Note: Was not asked in proxy interviews.
Due to an error in the 2020 Questionnaire and Collection Application, DWI_015 was skipped when respondents answered DWI_005 = 3, meaning they were not a passenger with someone who had 2 or more drinks of alcohol before driving. Since DWI_015 was meant to ask about being a passenger with someone who had "any amount" of alcohol (and cannabis), those people should not have been skipped. To make the questions consistent, DWI_015 is therefore being treated as representing "2 or more drinks" of alcohol: for respondents who answered DWI_005 = 1 (once) and DWI_010 = 1 or 2 (once or more than once), but DWI_015 = 2 (more than once), the value of DWI_015 has been changed to 1 (once).

Concept: Had sigmoidoscopy / colonoscopy - lifetime

Question Text: A sigmoidoscopy and a colonoscopy are two tests in which a tube is inserted into the rectum in order to detect signs of cancer or other health problems.
A colonoscopy examines the entire colon, while a sigmoidoscopy only examines the first section of the colon. The sigmoidoscopy requires less preparation.

Have you ever had either one of these tests?

Universe: Respondents who answered CCT_005 = (1, 2 or 7)

Note: Was not asked in proxy interviews.
If a respondent answered CCT_015 = 7, the variable CCT_025 was given the value of 1.
